

# Project Screening

## Impact Assessment Id: #549

### 1. Your Details

**Name of person completing screening assessment**

Louise Hawker

**Job Title**

Provision Planning Officer

**Directorate**

Worcestershire Children First

**Service Area**

Education and Early Years

**Email Address**

LHawker@worcschildrenfirst.org.uk

**Connection to project (e.g. project manager)**

Project Manager

### 2. Project Summary

For the purposes of the impact assessment screening, we will refer to the activity or area being assessed as a project.

**Project Name**

Proposal to close the Kidderminster Site of the Beacon PRU

**Name of Project Sponsor**

Sarah Wilkins

**Name of Project Manager**

Louise Hawker

**Name of Project Lead**

Louise Hawker

**Project Reference (if known)**

The Beacon

**Please give a brief description of the project**

The Local Authority are proposing to close the Beacon Pupil Referral Unit at Kidderminster. The reason for the proposal to close this is because a new PRU (Unity Academy) will open from September 2023 and provide education for children who are permanently excluded and provide an outreach and preventative provision to minimise exclusion.

The Beacon School main site at Redditch will remain open and continue to provide education for children who are permanently excluded from Bromsgrove and Redditch areas and work with mainstream schools in the Bromsgrove and Redditch District to provide support, capacity and skills development to prevent children from being excluded.

There are 10 children attending the Kidderminster site of the Beacon School and these children will either transition to secondary as year 6 normal phase transfer or according to the assessment of need - return to mainstream school before the end of this academic year, according to the child level plan for appropriate education (not dependent on any changes) or transition to the new school (Unity Academy) with a transition plan involving the child, the family, the new school and Beacon school.

### 3. Data Protection

**We need to establish if the proposal involves processing personal data. Personal data is information that relates to an identified or identifiable individual.**

**Name of Information Asset Owner**

**Sarah Wilkins**

Senior officer responsible for the project's information assets

**Does the project, any project work stream or project outcome involve any personal data? Some examples of personal data are given below.** **No**

**Appearance:**

photograph, physical description

**Basic Identifiers:**

name, date of birth, age, biometric data, ethnic origin, gender, genetic data, race, sex

**Contact Details:**

address, email address, home phone number, mobile phone number, postcode

**ID Number:**

National Insurance Number, driving licence number, NHS number, online identifier, other general identifier

**Employment:**

work related training/awards

**Financial:**

income/financial/tax situation

**Lifestyle:**

health or social care, living habits, marital status, philosophical beliefs, political opinions, religion, sex life, trade union membership

**Technology:**

login/username, device MAC address (wireless network interface), device IMEI number, IP Address, location data (travel/GDPS/GSM data), website cookies

**As you answered 'No', please explain your reasoning below:**

it is not personal information

## 4. Equality

**We need to determine whether the project could affect residents and/or Council staff because they share any of the Protected Characteristics defined in the Equality Act 2010 namely Age, Disability, Gender Reassignment, Marriage/Civil Partnership, Pregnancy, Race, Religion/Belief, Sex and Sexual Orientation.**

**Does the project relate to an area where data/research indicates that inequalities are already known to exist? No**

**Could this project have any effect on, service delivery or usage, other aspects of daily life or community participation levels for people because they belong to any of the groups below?**

**Age No**

e.g. a person belonging to a particular age group (for example 18 – 30-year olds).

**Disability No**

e.g. A person has a disability if she or he has a physical or mental impairment which has a substantial and long-term adverse effect on that person's ability to carry out normal day-to-day activities.

**Gender Re-Assignment No**

e.g. The process of transitioning from one gender to another.

**Marriage/Civil Partnership Status No**

e.g. Marriage is a union between a man and a woman or between a same-sex couple. Same-sex couples can also have their relationships legally recognised as 'civil partnerships'. Civil partners must not be treated less favourably than married couples (except where permitted by the Equality Act).

**Pregnancy/Maternity No**

e.g. Pregnancy is the condition of being pregnant or expecting a baby. Maternity refers to the period after the birth and is linked to maternity leave in the employment context. In the non-work context, protection against maternity discrimination is for 26 weeks after giving birth, and this includes treating a woman unfavourably because she is breastfeeding.

**Race No**

e.g. Refers to the protected characteristic of race. It refers to a group of people defined by their race, colour, and nationality (including citizenship) ethnic or national origins.

**Religion or Belief No**

e.g. Religion refers to any religion, including a lack of religion. Belief refers to any religious or philosophical belief and includes a lack of belief. Generally, a belief should affect your life choices or the way you live for it to be included in the definition.

**Sex No**

**Sexual Orientation No**

e.g. Whether a person's sexual attraction is towards their own sex, the opposite sex or to both sexes.

**Health Inequalities No**

e.g. Any preventable, unfair & unjust differences in health status between groups, populations or individuals that arise from the unequal distribution of social, environmental & economic conditions within societies.

**As you answered 'No' to all the questions, please explain your reasoning below:**

Not applicable due to there being another school providing the same outcomes from all walks of life.

## 5. Public Health

We also want to understand if the project will have any impacts on public health.

The social, economic, cultural and physical environment in which people live their lives has a significant effect on their health and wellbeing. Although genetics and personal behaviour play a strong part in determining an individual's health, good health starts where we live, where we work and learn, and where we play.

Improving public health requires taking a broader view of the conditions that create health and wellbeing, from how we plan and develop our urban spaces and places, to the opportunities for employment, recreation, and social connection available to all who live in them.

Health inequalities are the preventable, unfair and unjust differences in health status between groups, populations or individuals that arise from the unequal distribution of social, environmental and economic conditions within societies, which determine the risk of people getting ill, their ability to prevent sickness, or opportunities to take action and access treatment when ill health occurs.

### Could the project have an impact on any of the following factors?

#### **Social and Economic No**

e.g. culture, social support (neighbourliness, social networks/isolation), spiritual participation, employment opportunities.

#### **Physical Health No**

e.g. physical activity is expected to increase, influenza vaccination uptake increase

#### **Mental Health & Wellbeing No**

e.g. benefits to children's mental health, benefits to adult carer wellbeing.

#### **Access to Services No**

e.g. access to (location/disabled access/costs) and quality of primary/community/secondary health care, child care, social services, housing/leisure/social security services; public transport, policing, other health relevant public services, non-statutory agencies and services.

#### **As you answered 'No' to all the questions, please explain your reasoning below:**

This is not applicable as the new Unity Academy will be providing the education and services that The Beacon supplied, therefore no impact.

## 5. Environmental Sustainability

We want to understand if the project activity and project outcomes will have an impact on environmental sustainability. Please be mindful that the Council has committed to reduce its emissions to net-zero by 2050 and most projects are likely to have an impact on this target. This should be a key consideration in your project delivery and should be reviewed when completing these screening documents.

### Could this project have an impact on the categories listed below?

**Greenhouse Gas (GHG) Emissions (including CO2) No**

e.g. increased GHG emissions as a result of project implementation, which may also be linked with efficient use of resources in WCC buildings; transport; emissions from waste; and procurement.

**Efficient Use of Resources No**

e.g. consumption of energy resources, water, electricity, gas and heating fuels.

**Transport No**

e.g. number of people travelling, alternative transport modes.

**Waste No**

e.g. increase in waste generated or an increase in waste recycling.

**Wildlife and Biodiversity No**

e.g. impacts on the natural environment or enhancements to the natural environment.

N.B. This refers to any direct or indirect modifications to landholdings, including but not limited to removal of vegetation, alteration or demolition of buildings or modification of watercourses or lighting (not limited to just green space/trees).

**Pollution to Land or Water No**

e.g. risk of pollution to the local environment.

**Pollution to Air No**

e.g. risk of pollution to air, activity which may adversely affect air quality or increase emissions to air

**Resilience to climate change No**

e.g. risks of extreme weather and climate impacts on the project.

**Historic Environment No**

e.g. impacts on Historic Environment or enhancements of the Historic Environment.

**Procurement No**

e.g. could procurement associated with the project result in an increase of natural resources (such as long-distance shipping of goods); could use be made of local resources or work forces to support delivery of the project.

**As you answered 'No' to all the questions, please explain your reasoning below:**

Not applicable due to nothing physically changing to the buildings or sites.

## 7. Results of Screening

<b>Data Protection</b>	Does not need a full impact assessment
<b>Equality and Public Health</b>	Does not need a full impact assessment
<b>Environmental Sustainability</b>	Does not need a full impact assessment
