Worcestershire Advisory Lorry Route Map
 This map indicates the best available routes for heavy goods vehicles in the County of Worcestershire. The map also indicates industrial and trading estates within Worcestershire with their points of local access.

Good practice
 Lorry Operators, by encouraging drivers to use the routes indicated, could avoid environmentally sensitive areas and the conflict with local residents.

Know your Vehicle height and width!
 The map shows bridges on the lorry route network where the safe clearance is restricted partially or wholly to below 16'3" (4.95 metres).

If your height is greater than 16'3" (4.95 metres) and if you cannot lower your load you must check out your route with the relevant highway authorities. Contact:
 Highways England - Area 9 - 01483 811822 or email Area9@abloads.com
 Worcestershire County Council (all other roads in Worcestershire) -
 Tel the Hub: 01905 765765 or 0800 607 2005 Email: abloads@worcestershire.gov.uk

For abnormally wide loads (of equal to or greater than 13'6"/4.1 metres for non-motorway use and 15'1"/4.6 metres for motorways), please contact West Mercia Constabulary
 Tel: 0300 333 3000 allowing at least two clear working days notice.
 Please note that there are other signed limits on other Non-Lorry Route roads in Worcestershire (for example on roads the Lorry Route Network seeks to avoid) and these are not shown.

Traffic Reports
 For Countywide traffic reports please tune into: BBC Hereford and Worcester - 104.9FM and 104.6FM, or Wyvern FM - 97.6FM and 102.8FM.

Please note : other stations are available for more local traffic reports

Map Distribution
 This map is distributed through the FA, RHA and other selected outlets. The assistance of all who have contributed to this is gratefully acknowledged.
