

**Section 106 Planning Obligations**  
**for the Provision of Education Facilities**

**Table of Charges 2015-2016**

prepared by

**Explanatory Note:**

This document indicates the contribution which may be sought from housing development towards education infrastructure. The contributions will be spent on projects which mitigate the impact of additional children on local schools.

**How to Read These Tables**

Worcestershire is divided into 16 education planning areas, based around the main population centres. There is a page of charges for each area. On each page the first and/or primary schools in that area are listed alphabetically, with their feeder middle and/or high schools. Against each row of schools the cost per dwelling by number of bedrooms is listed. There are three bands of costings, depending on the overall size of the development.

Developments of more than 100 dwellings will be subject to more detailed assessment and negotiation over the level of contribution. If a straightforward financial contribution is deemed appropriate it will usually be based on the costs in the 61-100 band.

The tables automatically take account of schools which have high levels of surplus places and are updated annually to reflect changes in pupil numbers and school capacity. Schools which do not use catchment area as one of their main admission criteria are named at the bottom of each page. These schools may be included in requests for contributions if they meet the surplus place criteria and can demonstrate a clear relationship to the development in question.

**Source Data and Capture Points:**

Cost base - Building Cost Multiplier, indexed to April 2012

Pupil numbers - October 2014 School Census

School capacity - School Capacity Collection 2014 (May 2014)

Published Admission Number - September 2014
