## Building an Effective Early Years Curriculum

When we think of the term Curriculum, we can sometimes feel daunted, however it needn't be this way. Having the freedom to develop and deliver your own personalised early years curriculum can be so very empowering. By recognising and celebrating our uniqueness we can be proud of what we stand for and how we deliver the EYFS effectively.

This 90-minute webcast is designed to watch with your teams as we break down the elements of what forms a good curriculum. A curriculum which meets the needs of your children, families, staff and wider community. For early years settings due inspection this can be a great reflective tool to ensure you can articulate your settings curriculum during inspection.

We suggest this webcast is watched over a period of sessions to make full use of the reflection activities which thread through the presentation.

This webcast is aimed at early years settings caring for children aged 0-4 years old and is suitable for schools who provide early years provision prior to reception class.

Cost: £30 + VAT per webcast purchase - this is for your whole staff team regardless of numbers

Cost specifically for Childminders: £22.50 + VAT

Course code on CPD: EY 10458

Once you have purchased the webcast you will receive an email with clarification on how to access the webcast.

## Digital Technology in the Early Years

As an Early years leader, I always lacked confidence in how to include digital technology into my curriculum. With the removal of ICT from the EYFS I felt I had been let off the hook! However, following a professional discussion with my Deputy manager, I came to realise my strong views around technology could be deemed detrimental to the child experience. This elephant in the room needed to be addressed head on!

Join me on my journey of discovery where I let go of my preconceptions and explore the reality of a digital childhood.

During our 90 minutes together we will consider research, policy, and statistics about the digital world and what this means for children, families, and educators.

I can't promise you all the answers, but a deep dive into this complex subject so we are better able to embrace digital technology as a tool to support learning and an opportunity to teach children to keep themselves safe.

**As the NSPCC state: 'Off-line and on-line life, is just life.'**

Cost: £30 + VAT per webcast purchase - this is for your whole staff team regardless of numbers. **SPECIAL OFFER - this webcast has been reduced to £15 + VAT effective from 05.04.2024 until December 2024 after this date the webcast will no longer be available to purchase.**

## Planning an effective learning walk

However, if this is well planned for it can be a wonderful opportunity to communicate the uniqueness of your early years setting and illustrate the difference you make to children and families in your care.

This 55-minute webcast walks you through how to tell the unique story of your setting in a meaningful and effective way. Accompanied by the 'Learning walk: Telling your story tool' you will have the tools required to plan and deliver your bespoke learning walk effectively and confidently.

Please note it is recommended that this webcast is watched in conjunction with 'Building an Effective Early Years Curriculum' to achieve maximum impact on inspection day.

This webcast is suitable for early years group settings and nursery provision in schools.

## Preparing for your Early years Ofsted Inspection

When preparing for your early years Ofsted inspection it can sometimes feel overwhelming as you navigate all the advice and guidance available. This 65-minute webcast has been designed to pull all this information into one place allowing you to reflect, plan and take actions to ensure you get the inspection outcome you deserve.

Whether this is your first experience of inspection, or you have experienced inspections before, this webcast will refresh your understanding of what to expect and give you and your team the confidence to showcase what you do every day for children and families.

This webcast is suitable for early years group settings.

## Relating Safeguarding themes to the Early Years

This webcast has been produced in response to recent Ofsted inspection themes where educators have been unable to articulate effectively how some safeguarding themes relate to early years.

This 55-minute webcast considers safeguarding themes; PREVENT, FGM, County Lines and Domestic Abuse through the early year's lens, focusing on what we can do as early years educators to safeguard children and families.

This is essential training for the whole team, building confidence in being able to articulate how you safeguard children on a daily basis.

Cost: £20 + VAT per webcast purchase - this is for your whole staff team regardless of numbers

Cost for Childminders: £12.50 + VAT

Course code on CPD: EY 10289

Once you have purchased the webcast you will receive an email with clarification on how to access the webcast.

## Supporting Behaviour through Positive Communication

Having worked in early years for many years, how to best support behaviour is a common theme which can sometimes cause frustration and feelings of hopelessness within a setting. The requirement to 'manage children's behaviour can be argued as not conducive to raising confident, emotionally resilient children, ready for the wider world. It denotes an image of containing behaviours, of fighting fire rather than looking for the cause, of squashing emotions and feelings as they are uncomfortable to deal with. It is therefore time to reframe our thinking, to move away from an authoritative stance and embrace behaviour as an opportunity to teach and empower children to learn through experience.

This 70-minute webcast is an ideal addition to any team meeting to instigate reflection and thought about how best to promote positive behaviour through our communication. It is designed for you to pause as you wish so you are able to engage in professional discussion, exploring current thinking around this emotive subject.

Cost: £25 + VAT per webcast purchase - this is for your whole staff team regardless of numbers

Cost for Childminders - £17.50 plus VAT

Course code on CPD: EY 10385

Once you have purchased the webcast you will receive an email with clarification on how to access the webcast.

## What is the SCERTS approach for EYFS / Reception?

SCERTS: Social Communication Emotional Regulation Transactional and Support

SCERTS is an evidence-based framework for assessing children who need support with their social communication and emotional regulation skills, including autistic children. Transactional support is the support given to children to reach their goals and achieve their potential.

The SCERTS approach is not a prescriptive curriculum, and it works alongside practice in settings and home. Designed to be collaborative and to value the contributions made by settings and families to a child's development, setting goals to reflect what the child can do with the right support. A strengths-based approach, so it starts with what a child can do instead of what they can't do.

Why are we using this approach in Worcestershire?

- SCERTS values the support given to children by their communication partners in settings and at home and gives ideas for how best to support their development through Transactional Support.
- SCERTS can be used with a wide range of approaches settings are already familiar with.
- SCERTS does not require expensive equipment or resources to be purchased.
- SCERTS is a neurodiversity affirming approach, and it intends to support children to develop their skills while celebrating children's unique strengths and interests.

SCERTS can be used in lots of different types of setting

Stage 1: Is specific for EYFS / Reception

Cost: Free

Course code on CPD: 10462 – please only request Stage 1 for your lead SENCo / manager within your setting or school, it is their responsibility to share with the team.

## Low level concerns in the Early Years \*NEW\*

Keeping Children Safe in Education (KCSIE) 2023 places a requirement on schools and colleges to have policies and processes in place to deal with any concerns or allegations regarding adults working or volunteering with children, which do not meet the harm threshold, referred to as 'low-level' concerns.

Although this requirement is specifically applicable to schools and colleges in England, KCSIE clearly states, as a matter of best practice, it could be applied to any organisation working with children.

This 40-minute webcast explores our safeguarding responsibilities and the importance of building a positive culture around safeguarding, considering how adopting low-level concerns into our safeguarding practice can strengthen this. Addressing the confusion that sometimes arises between the definition of concerns, complaints and allegations and how to deal with these effectively. We will also consider past serious case reviews and investigations with a focus on Vanessa George and Jimmy Saville to help us understand the importance of addressing 'niggles or concerns'.

By the end of the 40 minutes, you will have the knowledge, confidence and passion to adopt low level concerns into your current practices to help build an effective safeguarding culture to be proud.

## Using external trainers

Since the transfer of services from Babcock Prime to Worcestershire Children First in 2020 and then COVID-19 pandemic, the Early Years Team and Training team have noticed a steady decline in enquiries regarding specific courses delivered by external training companies on our behalf. Examples of this include Food Hygiene, Health and Safety, Drug Administration, Paediatric First.

The training team can provide details of previous companies used for courses; however, we do not endorse any particular training provider, and the information held will not be an extensive or exhaustive list. We would always advise that research is undertaken to ensure the training provider selected meets your needs and **it is the responsibility** of the owner / manager / childminder / registered person to ensure any training sourced meets the Statutory Framework of the EYFS.

Specifically, for **Paediatric First Aid**, there are key points to consider:

- Will it meet the requirements set out in Annex A
- It must be a FULL 12-hour course excluding breaks.
- If a delegate on the training course misses a session how will the training company, ensure these are covered?
- If the training includes an e-learning / workbook or self-study element, how will the training company ensure that this is achieved and passed before the practical element?

To support the sector if we are asked to advertise courses, we will do so via the Early Years bulletin, however, please be aware of the following. We do not recommend or endorse anyone training provider, we are simply sharing their offer of training to the sector. It is your responsibility as the owner / manager / childminder/ registered person to undertake your own due diligence to ensure that you are getting the correct training that meets the requirements of the Statutory framework and any other government legislation.

## Safeguarding e-learning

Safeguarding e-learning training is available via many e-learning providers / platforms, and this is a direct arrangement between the two parties which includes invoicing and support. It is your responsibility to ensure that the training meets the requirements of the EYFS and the Worcestershire Safeguarding Children Partnership training strategy
