

Dear Worcestershire county council planning team

We are residences of Albrighton Drive and we are writing to express our strong objection to the proposed Quarry development at the Lea Castle site by NRS.

For the following reasons:

- **Environmental impact** - disturb local wildlife, reducing natural beauty of the area
- **Health risks to near by schools and residential areas** - close proximity to schools and housing estates affecting air quality with dust and particulate matter
- **noise pollution** - constant noise from machinery at the quarry and heavy truck movements
- **traffic and road safety** - increased heavy vehicle movements poses risk to road safety and causing congestion
- **long term economic impact** - negative impact to property values in the area deterring future investors and residences in the area.

Thank you for considering these concerns.

Alex Webster and Mollie Tromans
