Bespoke Ceremonies Legal + Celebration of Marriage

The legal ceremony to be held at a Registration Office or Approved Venue – see our website for Approved Venue details.

A legal ceremony has to take place before a Bespoke Celebration ceremony can be held. This can be either at the Approved Venue or a small, no fuss legal ceremony at a Register Office. The Bespoke Celebration can be at the same Venue or, alternatively, with the inclusion of a risk assessment, in a setting of your choice (subject to any necessary permissions).

The choice and options are endless and this is a truly personalised service.

Please email the Registration Service to arrange an appointment to talk about your options further at registeroffice@worcestershire.gov.uk

Fees - please see our website for further details www.worcestershire.gov.uk/ceremonies

Please note: Animals are not allowed at Registration Offices except for Assistance Dogs.

Personalising your special day

Once you have given Notice of Marriage or Civil Partnership you will be provided with a pack which will include additional information to help you plan your ceremony. We are happy to discuss any aspect of your ceremony, so please feel free to contact us. Everyone is different and we want to provide the perfect day for you.

Please remember that any music, readings or vows should be of a non-religious nature. However, there is plenty of choice and it is the readings, poems, special vows and music that make each ceremony unique.

On the following pages you will find a range of ceremony options to cover all budgets. There is something to suit everyone, from a simple register office to a completely Bespoke ceremony. Gone are the days when there was no choice and you could not personalise your ceremony. Everyone has an idea of how they would like their special day to be, and here in Worcestershire we want to ensure you have a ceremony to remember and perfect just for you.

If, after you have made your booking, you need to change the date, time, or cancel your ceremony, please notify the Registration Service immediately in order that we can try and accommodate your requests. Registration staff will be able to advise you of the process.

We are here to give you guidance and support throughout and will do everything within our power to make your day happy and memorable.

What happens at your civil marriage ceremony?

We want you to have a day to remember but, as with most special events, there are some things that we need to ensure happens.

On the day, you must bring two people with you to be witnesses to your marriage who must be able to understand and speak English. You can choose any relative or friend as long as they are old enough to understand what is taking place.

Before the ceremony is due to commence, we will need to check the details taken at the time of the Notice of Marriage. Please refer to your ceremony booklet for details and arrive 30 minutes beforehand for your separate interviews. Please be aware that other ceremonies may be booked around yours, so it is important that you arrive on time to ensure that your ceremony can take place.

The ceremony time will vary dependent on the type of ceremony you have chosen so can be up to 45 minutes in duration.

Every marriage will include:

The Registrar will welcome everyone to the ceremony.

Everyone will be reminded of the legal definition of marriage and of the solemn and binding character of the vows you will be making to each other.

You will declare that you are free to marry (a declaration).

You will make a contract with each other (contracting words).

You may exchange rings and make promises.

You and your witnesses will sign the legal Marriage Schedule.

There will be an opportunity for photographs - **see Photography and Videography section.**

The above is only a very brief outline of the skeleton of a marriage ceremony. The options on the following pages will show you how you can enhance or make your ceremony bespoke ... happy planning!

What happens at your civil partnership formation?

Civil partnerships are slightly different in that there is no formal ceremony as part of your formation. The law just requires you to sign a Civil Partnership Schedule (legal contract). If, however, you wish to have a ceremony, we can arrange and discuss this with you.

As with marriage ceremonies you will need to bring two people with you to be witnesses to your civil partnership who must be able to understand and speak English. You can choose any relative or friend as long as they are old enough to understand what is taking place.

Before the formation is due to commence, we will need to check the details taken at the time of the Notice of Civil Partnership. Please arrive at least 30 minutes before the formation is due to commence as we will need to check the details taken at the time of the Notice of Civil Partnership with each party separately.

Should you wish to have a celebration of your civil partnership then we can offer a ceremony to celebrate your union as civil partners. Use the following pages to provide ideas that will make your ceremony one to remember.

There will be an opportunity for photographs - **see Photography and Videography section.**

Fully Enhanced and Bespoke Worcestershire

Every couple wants their day to be as unique as they are. We have listened to couples and asked them what they want – “We want our day to reflect us, us as a couple”; “We wanted something different”; “We wanted to include all our family in our ceremony”; “The sand ceremony was important to us, as it represented the joining together of two people and will be a lasting reminder of the start of our life together”.

As you start to plan your day did you know that you can create your own ceremony to make it entirely unique? Gone are the days when there was little or no choice with your ceremony. We have a range of options to enable you to enhance and personalise your ceremony; there is no longer a need to have a legal ceremony and then have a separate celebration ceremony because you want to completely personalise your ceremony. You will be surprised at what can be included and how unique you can make Your Special Day.

Worcestershire Registration Service provides Registrars who are knowledgeable, professional and highly skilled. They will make sure that whatever ceremony you are having, it will not only be within the boundaries of the law, but as unique as you wish. They will work with you to plan, personalise and bring your dreams and wishes into reality; a wedding to remember; a ceremony like no other. A Classic ceremony allows you to include further elements around the statutory requirements of the legal ceremony.

Not everyone wants their ceremony completely personalised. Some couples just want to make certain moments unique or include family and friends with readings and music; maybe the inclusion of guests singing or a vocalist; or just a little tweaking of the Classic ceremony.

Fully Enhanced Worcestershire...

Worcestershire is unique in that we offer such a range of options to enable you to personalise your legal ceremony. So long as there is no religious or cultural content you can include a number of elements.

The Fully Enhanced option allows for additional readings and music/songs, and more personalisation. Maybe you want to be given away by someone in addition to a loved one – father and grandfather; your brothers on either side of you as you make your entrance – maybe you want to play the saxophone as you make your entrance, with your partner to be responding on a clarinet... anything is possible.

In addition to the Classic ceremony elements, couples can choose to include a Sand ceremony or a ‘Joining of these Hands’ reading, to name but two. You may have your own ideas about what you would like to include. Perhaps having the *The Lovely Dinosaur* poem read with your best man and bridesmaid taking on the roles of the dinosaurs for the reading? Maybe you would like to have a poem or reading with background music (live or recorded) playing quietly during the reading. Perhaps you like the idea of a non-religious tradition, the options are endless.

You might be having a winter ceremony and instead of going outside, you could have your ‘confetti photograph’ inside – subject of course to your venue being amenable to the idea!

There are lots and lots of ways you can weave your own unique thoughts and ideas in and around your ceremony; a ceremony that will be completely unique and personal to you and include all the legal elements.

Bespoke Worcestershire...

Sometimes you just have a yearning to have and do something different... 'Your Special Day'.

Worcestershire Registration Service can offer a complete Bespoke service to include everything you have always dreamed of to make 'Your Special Day' one to remember forever.

Maybe you have always wanted to have your ceremony in a special place, at home, in your garden, by a lake, in the woods or anywhere else your dream takes you.

Whilst you can currently only have a legal ceremony in a Register Office, Approved Venue or outdoor area within the boundaries of an Approved Venue, you can still make your ceremony 'Your Special Day'.

How?

There are a number of options. The only stipulation is that your legal ceremony must take place in a licenced room before your Bespoke celebration. After all, how can you celebrate something that has not yet happened! Your legal ceremony can take place a week or a few days before, the day before, or on the day itself. The celebration can then take place anywhere and in any style you please... even including any religious, cultural or other elements.

If your chosen special place is not already a venue licenced for civil ceremonies we can undertake a risk assessment and advise appropriately. You may need to obtain permission for a 'public gathering' or hire the space

from the local council, e.g. if you would like to hold your Celebration of Marriage in the bandstand in your local park, we can advise on the steps that you would need to take. All our staff are knowledgeable professionals and there is nothing we have not seen or been asked!

We have built on years of experience, seen the changing trends, moved with the times and most of all listened to couples in order to be able to offer you such a unique service.

We have undertaken Bespoke ceremonies in back gardens, front gardens, at the VW Music Festival, private stately homes, arboretums, railway stations, craft centres, bandstands, on a farm, at glamping sites, in the woods and by a lake... these are to name but a few.

Our Bespoke service really is the crème de la crème of ceremonies and celebrations. You can safely be assured that everything from your legal to your celebration ceremony will be in accordance with statutory requirements, whilst still ensuring you have the day you wish for, in the way you wish.

Email us at registeroffice@worcestershire.gov.uk and request our Bespoke service. The team will contact you to take all your details and be able to advise you on 'next steps'. Following this we will put you in touch with your dedicated Registrar who will work with you throughout - from discussing your ideas, to helping you bring those dreams and ideas to life; from the words used, to the structure of your ceremony and beyond... Let the magic begin...

If you are blending families, then this element is a lovely way to include all your children.

Renewal of vows

This is sometimes referred to as a Reaffirmation of Vows. A ceremony to celebrate perhaps your first anniversary, ten years, silver or golden anniversary... or just because you want to! One of our celebrant Registrars will perform a renewal of vows ceremony in any venue of your choice. It does not need to be an Approved Venue. You can even sign a Certificate of Commitment. Call us and discuss with one of our team about the various options possible.

'Mix and match'

We are increasingly being asked for ceremonies where sisters/brothers/friends are holding their Marriage or Civil Partnerships on the same day... why not have a double ceremony?

We have also seen an increase for adding a "Naming Ceremony" at the end of a Marriage or Civil Partnership – a wonderful way to welcome a new baby or the joining of two families.

We specialise in all types of ceremonies. Come and talk to us if you have anything special or different that you would like to do.

The following pages will give you more ideas that you may wish to incorporate into your special day.

For further information on all our ceremonies and links to our guidance information please visit: www.worcestershire.gov.uk/ceremonies.

Essentials

Photography and videography

Wedding photographs and videos are special mementoes, and we encourage you to capture the unforgettable moments of your special day. They are the lasting memories that you can keep forever and share with your friends and family. Before your ceremony begins the Registrar will advise you regarding the taking of photographs and the use of video cameras and drones to ensure that the dignity of the occasion is maintained whilst ensuring that you take home wonderful memories of your great occasion.

When you have given your Notice of Marriage or Civil Partnership you will receive a ceremony pack that includes a guidance note, which we encourage couples to forward to the person you have chosen to take your photographs/video. This will make them aware of the boundaries within which we have to work. If you do have any special requests please make a note of these on your checklist.

Music

If you have chosen music as part of your ceremony please note that, by law, music with a religious context cannot be used in a civil ceremony. If you need inspiration, we have a selection that you can choose from, both classical and modern genres.

Please check with your chosen venue as to the music facilities they have in order to ensure that what you provide is compatible. For ceremonies taking place in Registration Offices our staff will advise the format we will require.

If you would like live music, a choir, singers, or your guests to join you in song, this is possible but only in Approved Venues and not the Registration Ceremony Suites. We would need to know what music/lyrics are intended and how and who will be performing. For Bespoke Worcestershire ceremonies, religious content is permissible, as a Celebration ceremony does not form part of the legal process.

Confetti

Traditionally, confetti is said to bestow prosperity on the newly joined couple. It is a lovely way to celebrate. Please feel free to use it outside at any of our Registration Offices, but do help us look after the environment by using biodegradable confetti or petals. Approved Venues will have their own arrangements and should be contacted directly for details. Confetti is available to purchase in all our Registration Offices.

Lighting and candles

We are often asked for subdued lighting or candlelight at ceremonies. Unfortunately, we are unable to have naked flames within our Registration Ceremony Suites. Approved Venues will have their own arrangements and should be contacted directly for details. Please be aware that the Registrars attending will need to have a clear, well-lit area

Paul Willetts Photography

whilst conducting and completing the legal documentation. Please note that naked flames will not be allowed on the table that is used by the Registrar. If you require further information, please contact us.

Floral arrangements

All our Registration Office ceremony rooms have silk floral arrangements in neutral colours. You are welcome to provide your own flowers or floral arrangements, especially if you want them to fit into a particular colour scheme. Floral arrangements in Approved Venues will need to be discussed with the venue.

Decorations

There may be the opportunity to personalise the room with your own flowers or decorations. Ask us for further advice.

For decorations in Approved Venues couples will need to liaise with the venue.

Please be aware that any decorations must be of non-religious or cultural nature.

Themed celebrations

If you have chosen a theme for your ceremony etc, please talk to us and we will do our utmost to fit in with your wishes. Our Registrars have been known to enter into the spirit of a themed celebration. We have been asked to wear specific colours, country and western themed clothing, a dinosaur hat, a cloak in keeping with a medieval or country and western theme and even Star Wars items! We will always do our best to please, including a DC Comics theme where we had the lovely compliment - "We were so happy that the Registrar was prepared to be our Superhero". However, please discuss your requirements well in advance.

The Little Weddings Photographer

A Notice is a signed legal statement that is displayed on the Register Office notice board for 28 clear calendar days (this can be extended to 70 days for foreign nationals). It includes the names, age, marital status, address, occupation, and nationality of the people intending to marry or form a civil partnership. It also states the intended venue for the ceremony.

The minimum period between giving Notice and when a ceremony can take place is usually 28 clear days. This is a statutory requirement, but in exceptional cases, i.e., illness, a waiver can be applied for to reduce this waiting period. Please contact us for further information. The Schedule for Marriage or Civil Partnership will be issued on the 29th calendar day after giving Notice and is valid for 12 months from the date of your formal Notice. **Please be aware that you cannot give your Notice more than 12 months in advance of the ceremony date.** However, it is a good idea to give your Notices within 6 to 9 months prior to the date of your ceremony.

Please note that Worcestershire Registration Service charges a booking fee of £42 each when you book your Notice of Marriage/Civil Partnership appointment. When you arrive for your appointment with all the correct paperwork to enable us to take your Notices the booking fee will be transferred to your Notice of Marriage/Civil Partnership fee so no further Notice fee will be payable.

Should you be terminally ill or unable to travel, housebound or staying in hospital, special arrangements can sometimes be made for a ceremony at such places. Please contact the Registration Service for more information.

What documents do I need to provide?

You will need to provide evidence of your name, age, nationality, marital status, address, and immigration status.

If the correct documents, as listed on the following page, are not available at your appointment we will be unable to take your Notice - you will need to make another appointment and pay a further booking fee. Please check carefully the documents you need to bring to your appointment.

Only original documents are accepted, we cannot accept photocopies. However, where proof of address is required a printed copy of an electronic bill or bank statement is acceptable. If your decree absolute/final order/civil partnership dissolution has been sent to you electronically, we will accept a print out with the covering email. We can only accept printed copies of your electronic documents. Copies on mobile phones cannot be accepted.

Each person giving Notice must provide one document from each of the first two sections on the following page. Some documents such as valid passports can be provided as evidence in multiple sections.

And now for the legal bit...

Legal requirements

Legal civil marriage

The law currently requires two Registrars to be present at your marriage. One will conduct the ceremony whilst the other completes the legal paperwork which will formally register the marriage. You will also be required to bring two witnesses who must be able to understand and speak English.

Legal civil partnership

Civil partnerships are slightly different in that there is no formal ceremony as part of your formation. You will also be required to bring two witnesses who must be able to understand and speak English. The law just requires you to sign a schedule (legal contract). This gives you the perfect opportunity to add a celebration of your union and, if you wish, this can be done however and wherever you choose.

What is the Notice of Marriage/Civil Partnership?

By law you must give a Notice of Marriage or Civil Partnership, which is a formal declaration of your intention to marry or form a civil partnership in England or Wales. Notice must be given in the district where you reside. You are required to have lived in the district for seven days and seven nights and on the eighth day you will be able to give your Notice. You need to include the exact name of the venue where you intend to get married or enter into your civil partnership.

The marriage/civil partnership can only take place at the venue you name on the Notices. If you change the venue you will have to give, and pay for, fresh notices. You can provisionally book your ceremony up to three years in advance if it is taking place in Worcestershire.

Name and date of birth

- valid passport
- British birth certificate - your full birth certificate must be provided, and you must also provide another document confirming your current use of that name, e.g., valid driving licence (provisional or full) bank statement (no older than one month), utility bills (no older than three months), council tax bill (current bill dated within last 12 months)
- if you have changed your name from birth - you will need to provide the evidence of the name change; for example, a change of name deed or marriage certificate

Nationality

- valid passport (if you are a foreign national only your passport can be accepted as proof of nationality)
- British Naturalisation certificate
- British birth certificate - if you were born **before** 1 January 1983 your full or short birth certificate must be provided
 - if you were born **on or after** 1 January 1983, your full birth certificate must be provided, and you must also provide a birth certificate or passport for one of your parents who were born in the UK if your parents were married at the time of your birth. If your parents were not married at the time of your birth and subsequently married, after 2006, then either of your parents' birth certificates or passports can be provided; otherwise, only your mother's birth certificate or passport can be used or evidence of your parents' British Citizenship (must have been issued before your birth).

If you are subject to immigration control please read the information below as you will need further documentary evidence.

Visa requirements

If you are entering the UK for the purpose of a marriage or civil partnership you must check with the UKVI (United Kingdom Visa and Immigration) that you have the correct visa to do so. Worcestershire Registration Service is unable to offer any advice regarding immigration matters.

Abuse of immigration laws

We are working with the Home Office to identify any marriages and civil partnerships which seek to abuse UK immigration laws.

Anybody found to be arranging, facilitating, or entering into a marriage or civil partnership solely to gain permission to stay in the UK risks arrest or prosecution. Foreign nationals may also face deportation and be barred from re-entering the UK for up to 14 years.

Proof of immigration status

Please note: If either party is a national of an EU country and does not have settled or pre-settled status (or a pending application) applied for prior 30th June 2021 or is a national of a non-EU country, you may be subject to immigration control.

This means you must give your Notices together at the Register Office covering the district in which you have both lived for the preceding 7 days and 7 nights. If you both live in different registration districts you must give your Notices together at either Register Office and the Notice fee will be £57.00 each.

Registrars cannot give immigration advice.

In addition to the documents you need to provide when giving Notice, you must provide evidence of your immigration status:

- proof of settled, pre-settled or pending EUSS status, including the 9-digit alphanumeric share code from the GOV.UK website: www.gov.uk/view-prove-immigration-status
- Marriage or Civil Partnership Visa
- eVisa - UK Visas and Immigration (UKVI) have developed a digital immigration system (this replaces physical documents with an online record of your immigration status, for more information please visit the GOV.UK website: www.gov.uk/guidance/online-immigration-status-evisa)

If you do not have the correct proof, your marriage or civil partnership will be referred to the UKVI who may decide to extend your notice period for 70 days if they wish to investigate further. The marriage or civil partnership cannot take place until approval is granted by the UKVI. More information on this can be found on the GOV.UK website for marriages and civil partnerships in England and Wales: www.gov.uk/marriages-civil-partnerships.

Photographs

Both parties, where one or both are subject to immigration, will also need to provide a colour photograph at the time of giving Notice, unless you are a British national, Irish national, or you can provide proof of settled status. Each photograph must be a UK passport style and size and meet the following criteria:

- it should clearly show your face with a neutral expression
- you must not be wearing any head covering (other than for religious or medical reasons)
- you must be photographed alone with no other person or object in shot
- it should be unmarked, unaltered and without tears or creases
- it must be a recent photo and show a current likeness

Marrying or forming a civil partnership in a church

If you are planning on a marriage or a civil partnership in a Church (other than the Church of England) at least one of the parties to the marriage must live in the district of the church or it must be their usual place of worship.

Ceremonies in places of religious worship

For all religious weddings you will need to contact the priest, minister or other religious representative to obtain agreement for your marriage or civil partnership to be conducted in their place of worship.

For marriages in the Church of England, banns should be called during the three months before your marriage. This should be arranged by the vicar. There is generally no need to involve the local Registration Service and Notice of Marriage is not normally required. However, if you are a foreign national and subject to the Immigration Act 2014 the vicar will require you to give Notice of Marriage at your local Register Office. If this is the case, we will also require a letter from the vicar to explain why banns cannot be read. If you are in any doubt, please speak to a member of the Registration Team.

For churches of other denominations, after making your booking with the priest or minister, you will need to contact the Registration Service to arrange for a Notice of Marriage or Civil Partnership to be given by each party in the district in which you live.

Marriage or civil partnership abroad

Ask the overseas authority if you need a 'Certificate of No Impediment'.

If you are planning to marry abroad in a commonwealth country we can no longer issue 'Certificates of No Impediment'. We suggest you check the UK Government website on marriage and civil partnerships abroad for up-to-date advice and information: www.gov.uk/marriage-abroad.

We cannot advise on what documentation is required for a marriage abroad - the onus will be on you to liaise with the local authorities in the country where you wish your marriage to take place.

The above legal requirements were correct at time of printing. These are subject to change and Registration Services staff will advise at time of booking your appointment.

Please also check the website: www.gov.uk/marriages-civil-partnerships for the up to date legal requirements.

Please note that the commemorative certificates cannot be used for any legal or statutory purpose. Please email your request to registeroffice@worcestershire.gov.uk.

Adult deed poll service

We are able to offer a change of name service. You must be 18 years or over. The change of name deeds we issue are as legally valid as un-enrolled deeds issued by solicitors in England and Wales.

We will store your Deed Poll in our secure vault and provide extra copies on request. For further information and a list of our fees please visit our website: www.worcestershire.gov.uk.

Please note: A Deed Poll cannot be used to change your birth certificate, marriage certificate or decree absolute. It is also not possible to get permanent records such as past educational certificates changed because these are a 'matter of fact' in that they were in the correct name when issued. They should be used in conjunction with your birth/marriage certificate or Decree Absolute.

You will be advised as to which documents you will need to bring to your appointment. All documents must be originals and not photocopies.

Please refer to our website for information regarding exclusions, restrictions, occasions when a change of name is required, e.g., following marriage or civil partnership.

Foreign pension: proof of life and residence

If you are receiving a pension from a foreign country, we can provide a stamp to confirm your life and residence in the United Kingdom. Please contact us on 01905 768181 to book an appointment at one of our offices in Worcestershire. Please note that we are not able to advise you on how to complete your form.

Passport form certification (PD2)

If you are getting married or forming a civil partnership and wish to travel on your honeymoon in your married name, you can complete a PD2 form and send it, with your current passport, in order to apply for a new passport in your married name. You can apply for your new passport in your new name up to three months prior to the date of the marriage. The passport will be postdated to the date of the marriage and cannot be used for travel beforehand. For information on our current fees please visit our website: www.worcestershire.gov.uk.

Other services

Citizenship ceremonies

Citizenship ceremonies are the final stage in granting British citizenship to foreign nationals and to welcome them into the community.

After successfully completing the application process, adults (over 18 years) are required to attend a ceremony at which they will swear or affirm an oath to observe the laws of this country and to pledge their allegiance to the King.

Our ceremonies are very much a 'family affair'. Citizens are welcome to invite guests to support and help them celebrate such a special occasion. Children are also welcome to take part.

Ceremonies take place at The Hive, involving small groups of citizens. Alternatively, a private ceremony in one of our Registration Offices across Worcestershire can be arranged for which a further fee is payable.

Copy certificates

Worcestershire holds Registers dating back to 1st July 1837. We are able to provide you with a certified copy of the original entry. Certificates can be ordered directly via our website www.worcestershire.gov.uk. Please see our website for further information.

Commemorative certificates

We are able to provide commemorative certificates for all special occasions for events which occurred in Worcestershire - the birth of a baby, a special birthday, marriage or civil partnership, and anniversaries, e.g., silver, golden. Whether you are getting married or entering a civil partnership, a commemorative certificate is a lovely memento of your special occasion. They come in a standard A4 framing size and would make an ideal keepsake or a perfect gift to celebrate an event.
